## ***About us***

All Wales People First wants to ensure that people with learning disabilities in Wales, can have access to self-advocacy support so that they are able to voice choice and control.

We want to promote the values of self-advocacy as a preventative service, and to move away from dependency on services that undermine independent living.

## **What is Self advocacy?**

Self-advocacy is about speaking up for yourself.

It is about growing your confidence and skills to make your own decisions.
