

All Wales People First want to hear your thoughts on **housing and support services.**

This is because a survey has just been sent out by

Cymorth Cymru

An organisation that speaks to the Welsh government about homelessness and support services in Wales.

and

The National Commissioning Board of Wales

A group of organisations that want to improve the quality of social care and health services.

and

Learning Disability Wales

Learning Disability Wales
Anabledd Dysgu Cymru

A national charity representing the learning disability sector in Wales.

The survey is about a set of guidelines that were made for accommodation services.

The guidelines are there to make sure where you live is right for you.

Your home should be a place where you are safe and can have a great quality of life.

We want to see if the guidelines are working, and we want to hear what you have to say.

We are going to host 2 Zoom calls on different days, where we can have a chat about the guidelines and your experiences.

You can choose which Zoom call you want to join.

You can attend both Zoom calls if you would like to.
